

CAREER OPPORTUNITY

Civil Intern

Auburn, Alabama

Launch Your Civil Engineering Career with Kadre Engineering — Where Your Ideas Help Shape Communities

Are you a civil engineering student looking to gain real-world experience and make a meaningful impact?

At Kadre Engineering, we're not just designing infrastructure — we're building better communities. As an employee-owned small business, we're passionate about mentoring the next generation of engineers and giving you the tools to grow, learn, and thrive.

We're currently seeking Civil Engineering Interns to join our Auburn, AL office. This is your chance to work alongside experienced professionals on exciting land development and infrastructure projects that span commercial, residential, educational, and municipal sectors.

What You'll Do as an Intern

As part of our team, you'll get hands-on experience in civil engineering design and project development. You'll:

- Use industry-standard software like AutoCAD Civil 3D, Excel, GIS, and more to support design and analysis.
- Assist in planning, permitting, and modifying site development projects.
- Collaborate with project managers and engineers to solve real-world challenges.
- Learn how to navigate local, state, and federal regulations.
- Contribute to the creation of deliverables that bring our clients' visions to life.
- Whether you're working on stormwater systems, grading plans, or utility layouts, you'll be learning by doing — and making a difference.

Who We're Looking For

We're excited to meet students who are:

- Currently pursuing a Bachelor's or Master's degree in Civil or Environmental Engineering from an ABET-accredited program.
- Curious, motivated, and eager to learn.
- Strong communicators and team players.
- Interested in site development, infrastructure, and improving the built environment.
- No prior internship experience? No problem. We're here to help you grow.

Why Kadre Engineering?

At Kadre Engineering, you're not just an intern — you're part of the team. We offer:

- A welcoming, collaborative work environment.
- Mentorship from experienced engineers.
- Exposure to a wide range of projects and disciplines.
- Flexible hours to accommodate your academic schedule.
- Opportunities to build your resume and professional network.
- This is more than just a summer job — it's a stepping stone to a fulfilling career in civil engineering.

Kadre Engineering is an Equal Opportunity Employer.

We are committed to fostering a diverse and inclusive workplace. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, veteran status, or any other legally protected status. We believe that diverse perspectives strengthen our team and drive innovation in engineering solutions.
